

Rediscover Health & Wellbeing Challenge

MAY 2024

Yoga can relax a distressed gut in several ways. Not only does breathing activate the parasympathetic nervous system (“rest and digest”), but yoga also teaches you how to embrace breathing as you explore various positions. Most yoga sequences end with relaxation, which you can think of as “resetting” the gut-brain axis. When it comes to the type of exercise, your gut microbiome likes whatever you do! As long as you’re moving your body often and getting your heart rate up for at least thirty minutes most days.

WALKING

If you are not a yoga enthusiast, you can walk for **at least 30 minutes** any time on **Wednesdays** at your convenience. The location identified will be at the new bike/walking trail, Tank Trail (if you walk down and back this is 2.60 miles). The Tank Trail is located by St. James Catholic Church in Aitkin behind Paulbeck’s County Market.
